DRONE INCIDENT REPORT

COLLISION

2020/10/30 - RAND, SOUTH AFRICA

The Commercial Unmanned Aircraft Association of Southern Africa (CUAASA) on 30 October said a drone is suspected to have struck an airborne training aircraft on 27 October at Rand Airport, causing the pilot to make a precautionary landing after hearing a loud bang shortly after take-off.

ATTACKS

2020/10/10 - NEW DEHLI, INDIA

«Considering the low cost drones, multi-use and dense proliferation, the threat will no doubt increase manifold in the years to come» stated Vice Chief of Army Staff Lt Gen SK Saini during **Force Protection India 2020**. Indian Army is facing repetitive intrusions from Pakistan Army in Kashmir since 2019.

ESPIONNAGE

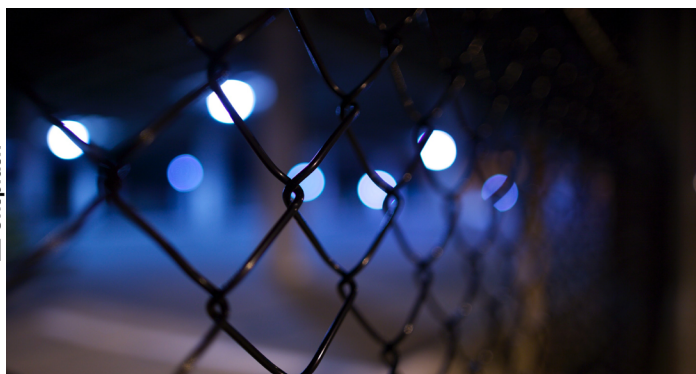

2020/10/12 - LA PAZ, BOLIVIA

Two drones seized by the police during a practice session between Bolivia National team and «la celeste» (Argentina) while playing a qualification game for Qatar 2022 World Cup. If the spying case is not fully confirmed, spying teams is a recurring activity to deduce the tactical organization. That did not stop Messi from making his team win (1-0).

CONTRABANDO

2020/10/02 - CEUTA, SPAIN

Despite the global health crisis and border closure, drug traffickers are more and more creative to smuggle hashish between Morocco and Ceuta. Local press reported that the device was detected by thermal cameras on the high border fence separating Morocco from Ceuta.
